

## Air & Mechanical Massage

## Infrared Body Scan System

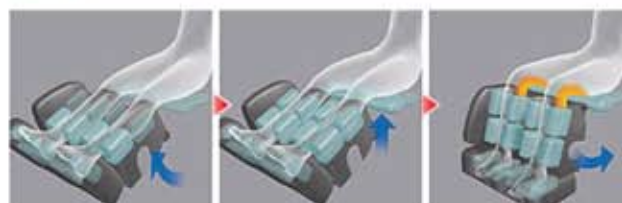

Determining the exact body shape of the user allows a more sensitive massage to be applied effectively to just the right spot, helping to relieve fatigue and neuralgia, promote blood circulation, ease muscle strain and stiffness, leaving you feeling relaxed all over.

## Ultimate Massage Skills

## New Foot Stretcher

## Seat Heater

## Seat Vibrator

■ Casters for moving the location

■ Removable back and seat pads, and pillow

■ Side table

■ Extra heat pad

■ MP3 Music
